Planning for the "Routes to Discovery" Midwest Chapter/MLA Conference is ongoing. The planning committee is now meeting monthly. The speakers for the conference are confirmed. The schedule and web site are mostly finalized and can be accessed at <http://midwestmla.org/2005conference/>.

Because of the Midwest Chapter/MLA Conference the week before NDLA, the section is not going to sponsor a program at this year's NDLA conference. Ann Pederson, our chair-elect, is contacting the New Members Round Table officers to offer co-planning and funding for programming at NDLA.
