

Public Relations Committee Report
September 2005

Committee member Melisa Duncan and I have been drafting and reviewing press releases for the upcoming conference. The release for the Legislator of the Year has been sent to television and newspapers in the major markets in the state. Cathy Langemo is also graciously reviewing press materials; more releases will be generated this week.

Our committee (of just two) is also preparing a list of story ideas or “hooks” which will be sent to media outlets as well. We are even trying to get a human interest story on next gen librarians or one on dispelling the stereotypical image of librarians.

Respectfully submitted,

Beth E. Postema
PR Committee Chair
