

Health Sciences Information Section - #10

March 7, 2006

Our Bylaws and Policies committee will be spending the majority of it's time this year on a review of our policies in the Section handbook. Some procedures have been superseded with electronic posting, etc. We will be reviewing the Committee's recommendations at our Spring Meeting.

The Nominating Committee has begun culling through our short list of candidates for Chair-Elect for the ballot. Due to the tie for the position of Section Secretary last year, Karen Chobot will be the unanimous winner come this fall.

The HSIS Executive Board with additional volunteers will begin to establish guidelines/criteria for the granting of the funds earned from the 2005 Midwest Chapter conference. The proceeds are intended for the professional development of the section members. The criteria will be an agenda item for the Spring Meeting.

Conference programming will also be an agenda item at the Spring Meeting as only one suggestion has been offered.

And finally, our Spring Meeting will be held April 28 in the Harley French Library of the Health Science at UND in Grand Forks. Jon Green will be our featured speaker and present on the topic of communication.
