

**North Dakota Library Association  
Professional Development Grants Committee Quarterly Report  
June 2007**

The NDLA Professional Development Grants Committee has received no applications for grant funding to this point. I have had several inquiries, but no requests have been submitted.

I am going to turn to the committee to see what options we have for the remaining time this year. Possibly some other form of publication or advertisement may be useful.

Respectfully Submitted,

Mark Holman, Chair
