

**North Dakota Library Association
Professional Development Grants Committee Quarterly Report
May 2008**

The NDLA Professional Development Grants Committee has worked on revising the policies handbook for grants ahead of the Executive Board meeting. Mark Holman will present the revised handbook to the board for revision and/or approval.

We have received one application for grant funding under the Hubbard Grant to this point. We are requesting that an increase in the amount awarded for this grant be increased before any award is made. The current amount of \$200 is not adequate and we recommend an amount somewhere between \$500 and \$1000.

Respectfully Submitted,

Mark Holman, Chair
