

## Past President's Report

May 2009

Since the March 2009 Report I have:

- In response to the invitations sent out to prospective exhibitors, I have received, so far, three confirmations
- I plan to mail out follow-up reminders during the second week of June
- I have answered questions, as best I was able, regarding the Librarian of the Year nomination process.
- I also participated in a conference call with the NDLA webmaster and the treasurer for set-up of the Paypal account for exhibitor registration
- I participated in several online votes for both the Executive Team and the Finance Board votes

Because of the recent economic downturn, I am somewhat concerned about the number of exhibitors who have reserved space at the conference to date. However, I have contacted the former Past President to discuss the timeframe for exhibitor registrations at the last conference and to garner ideas to promote the rental of vendor booths.

Respectfully submitted,

Donna James  
Past President
