

NDLA PUBLIC LIBRARY SECTION
12 REPORT TO NDLA EXECUTIVE BOARD

December 4, 2009
Toni Vonasek
Public Library Chairman

- The Public Library Section agreed to be a partner in an IMLS grant that Donna James is writing seeking partnerships with statewide school administrator's organizations and public librarian's associations in North Dakota and Wyoming. The grant proposes developing a new project which will take advantage of education programs already in place, build a collaborative environment with administrators, and use the natural relationships between school and public librarians to promote a broader understanding of the 21st Century Skills, producing a toolbox of collaboration and implementation strategies that can be replicated by other entities.
- The themes for 2010 Summer Reading Program are "Make a Splash - Read!" (Kids), "Make Waves @ Your Library" (Teens), and "Water Your Mind - Read!" (Adults)
